Motivation

- Wants a collaborative way to manage money without tension or miscommunication.
- Looking for a tool they can use with their partner to stay aligned on shared goals.
- Enjoys visual, interactive experiences that make progress feel motivating.

Needs

- A way to track shared goals transparently between both users.
 - Tools that encourage accountability without blame or pressure.
- “We need something that keeps us on the same page **without it feeling stressful.**”

Frustrations

- Struggles to keep track of shared progress and who has contributed what.
 - Gets discouraged when progress feels slow or unclear.
- “Talking about money **always feels awkward.**”

Expectations

- Clear, visual progress tracking that highlights team achievements.
- Simple setup for shared goals with minimal friction.
- A tool that feels supportive and encouraging—not judgmental.
